

WE WANT YOUR U.S. MADE PRODUCTS: WALMART TO HOST PRE-OPEN CALL WEBINARS

Walmart is gearing up for [Open Call 2020](#) with applications opening March 26, 2020!

If you are a supplier of new, shelf-ready, U.S. made goods and are looking to sell your products with Walmart, consider joining an upcoming Pre-Open Call webinar.

Walmart's Pre-Open Call webinars will help potential applicants begin to understand:

- What Open Call is and why Walmart hosts it
- Walmart's minimum requirements for suppliers
- Preparing to pitch your product
- How to do business with Walmart

Attending this webinar will not guarantee a successful Open Call application, but it will help businesses be better prepared in the event they apply and are invited to attend.

[Register to join](#) a Pre-Open Call Webinar
